

PREVENTIVE MEASURES COVID-19

FOR YOUR SAFETY AND ALL OF US

Following the guidelines of the General Directorate of Health, we present the most recent guidelines with a view to strengthening preventive measures to COVID-19, for the protection of all - users and employees.

Thus, the Documentation Centre of the Aljube Museum presents some changes in the normal functioning of the services:

1. Bibliographic and document consultation will take place according to prior appointment, with a minimum of 24 hours, through the email odeteviola@egeac.pt;
2. Only 1 person can stay in a public office and 1 other in the reading room;
3. Users must come with disposable gloves for handling books, documents and computers;
4. Available at the Documentation Centre of the Aljube Museum Resistance and Freedom alcohol-based antiseptic solution to disinfect your hands;
5. It is mandatory to use the mask, correctly placed (covering the nose and mouth), before entering the Museum and withdrawing only after leaving the facilities;
6. The user must not bring any type of adornment, such as bracelets, watches and rings.
7. The Museum ensures the regular disinfection of all space and equipment. We count on your collaboration, providing ours. We therefore ask that:
 - a) Together with us, follow the respiratory etiquette.
 - b) Keep the required physical distance of 2 meters from others.
 - c) Clean your hands regularly.

These measures will be updated according to official guidelines. We appreciate your cooperation for the health of all.

The Documentation Centre of the Aljube Museum Resistance and Freedom.
